

EAST BAY LABOR JOURNAL

THE ONLY OFFICIAL NEWSPAPER OF ORGANIZED LABOR IN ALAMEDA COUNTY

Owned, Controlled and Published by Central Labor Council of Alameda County—AFLCIO and Building and Construction Trades Council of Alameda County—AFLCIO

VOLUME XXXVI, NUMBER 22

OAKLAND, CALIFORNIA, FRIDAY, AUGUST 25, 1961

SINGLE COPIES FIVE CENTS

from the EDITOR'S CHAIR

WELCOME BACK

Groups like the Executive Board of the State Building Trades Council and the Advisory Council of the State Council of Carpenters want the Teamsters back in the AFLCIO.

They may get their way, with an ironic twist.

The AFLCIO is welcoming the Teamsters back, one local at a time!

So far during the last 10 days, four Cincinnati locals have voted to get out of the Teamsters and into the AFLCIO. Earlier, the Chicago taxi drivers' local of the Teamsters kicked out Joey Glimco and went independent.

This week, St. Louis taxi drivers were voting on whether to follow the Cincinnati Teamsters' example.

Bay Area Teamsters showed their spunk to Hoffa recently. But some locals in his own Central States Conference have showed him the door.

UNION DISCRIMINATION?

A article in Frontier magazine for August says California's tax-supported apprenticeship program discourages Negroes from entering the skilled trades. It accuses union representatives on joint apprenticeship committees of condoning this.

There's no mention of the state committee named to combat discrimination in apprenticeship, though.

The NAACP says the Sailors Union of the Pacific and the Marine Firemen conspired with seven West Coast steamship lines to keep Negroes off ships.

The Oakland Tribune article mentions the names of the unions, but not the steamship lines.

Unions and union officials which either condone or practice racial discrimination are as guilty of tarnishing the name of the labor movement as crooks, Communists and jurisdictional disputers.

SHORT MEMOS

To critics of AFLCIO foreign policy ideas: A permanent agency for disarmament planning got a strong boost this month in statements to the Senate Foreign Relations Committee by Andrew J. Biemiller, director of the AFLCIO Department of Legislation, and Walter Reuther.

To U.S. soldiers who marched into Berlin shouting "Gung ho!" Cut it out!

To Southern jailers of Freedom Riders: Where's your Southern hospitality?

To everybody: Buy your Labor Day Picnic tickets. Nov. 6, 1962 (Election Day) won't be any picnic.

HEADLINE OF THE WEEK

"Business Booming, 5,100,000 Jobless."

OFFICIAL NOTICES

Unions will find notices of important meetings called by their officers on page 5 of this issue of the Journal.

Pitts, Cranston to speak during Labor Day Picnic

Oliver strikers win jobless pay appeal hearing

About 60 members of Rubber Workers 64 won the right to receive state unemployment insurance at an appeal hearing last week.

They are persons not rehired by Oliver Tire and Rubber Co. when the union ended its strike May 10. The company contested their right to receive unemployment insurance for the period since then.

At last week's hearing, the union members were granted unemployment pay retroactive to May 10, Arthur R. Hellender, assistant secretary of the Central Labor Council, reported Monday.

9 CASES UNDECIDED

Nine other cases were left undecided by the State Department of Employment referee. These involved persons offered unsuitable jobs or work on other shifts.

In some of these cases, the workers could not work other shifts because they do not live near public transportation, Hellender said.

The cases will be decided individually by the department interviewers. The company will still have the right to appeal in these cases, Hellender said.

Bay Teamsters OK drayage settlement

Nine Bay Area Teamsters Locals have approved a local drayage agreement by a 4,132 to 1,431 referendum vote.

Local drayage drivers, including those in Oakland Teamsters 70, will get 7 cent hourly wage increases retroactive to July 1, 6 cents July 1, 1962 and 5 cents July 1, 1963, plus fringe benefits worth 10 cents an hour and a cost-of-living escalator clause.

Rejection would have meant a strike, according to the Teamsters Joint Council 7 Freight Policy Committee.

Approval paves the way for resumption of 11-state master agreement talks by Teamster President James R. Hoffa. An earlier Bay Area referendum ordered by Hoffa resulted in rejection of an employer offer, but no strike.

Peter Paul boycott

The Santa Clara County Central Labor Council has written a letter promising support of the boycott against Peter Paul candy bars.

THE WHEELERS are among five professional acts booked for the AFLCIO Labor Day Picnic, at the Alameda County Fairgrounds in Pleasanton Sept. 4. The picnic, for all unionists and their families, also features free coffee for adults and free soft drinks for children. For other details, see story.

Fun, frolic, five show biz acts, 29 big awards!

Alan Cranston, state controller, and Thomas L. Pitts, secretary-treasurer of the California Labor Federation, will speak at the Alameda County AFLCIO Labor Day Picnic Sept. fourth.

Complete program for the picnic, to be held at the County Fairgrounds in Pleasanton, was announced this week by Robert S. Ash, secretary-treasurer of the Alameda County AFLCIO Council on Political Education.

As in past years, COPE is holding the Labor Day Picnic to give union members and their families a chance to have a good time together and to raise funds to help elect labor's friends to public office.

GROUND OPEN AT 10 A.M.

The fairgrounds will open at 10 a.m. Here is the schedule of events, as announced by Ash:

1-3 p.m.—Children's games.

3-4 p.m.—Entertainment in the Court of the Four Seasons.

4 p.m.—Introduction of guests and speakers and drawing for awards.

Entertainment will include five professional variety acts under the general theme of "Las Vegas Daze."

They include: Bill David, master of ceremonies and impressionist; The Dancing Darlings, chorus line; Jim Rinehart, juggling comedian; Beverly Clair, singer and dancer; Lou Jacklich, accordionist; The Wheelers, marimba trio, and Harris Nelson, musical comedian. Music will be furnished by Rod McCauley's orchestra.

IMPORTANT GUESTS

In addition to Cranston and Pitts, the following public officials have accepted invitations to attend the picnic and will be introduced from the platform:

State Sen. John W. Holmdahl; Assemblymen Carlos Bee, Robert W. Crown, Nicholas Petris and Mayor John C. Houlihan.

CLC endorses \$6 million Methodist home for aged

After considerable discussion, the Central Labor Council voted Monday night to endorse the proposed \$6 million, 12-story co-operative Methodist home for the aged at 19th and Alice streets, Oakland.

Henry Jones and Franklin C. Stark of California-Nevada Methodist Homes and the Rev. Eugene Wolfe of the Oakland Area Council of Churches spoke before the council.

More BTC jobs hit by Teamster strike

More Building Trades union members were laid off this week because of the strike by Teamsters 70 at ready-mixed concrete plants.

J. L. Childers, business representative for the Building Trades Council, estimated that 2,000 on-site construction workers were out of work in Alameda County Monday on account of Local 70 strikes at lumber yards and gravel and concrete firms.

If the strikes continue through this week, Childers said, the jobless figure will be closer to 5,000.

The ready-mixed concrete strike was having the biggest effect in throwing building tradesmen out of work.

In the lumber strike, Local 70 continued its policy of picketing some yards and posting "observers" at others. In the latter, other unions continued working.

STRIKE SANCTION

The Building Trades Council's Executive Board granted strike sanction Aug. 16 to Local 70 in the ready-mixed concrete strike. Sanction was approved earlier in the lumber yard strike. The BTC Executive Board has been meeting with representatives of Local 70 almost daily.

If you are laid off, Childers told Building Trades unionists, go to your local office of the

State Department of Employment and apply for unemployment insurance benefits. Tell the

JOE SAWYER LETTER

A letter from Joe Sawyer, business agent for Teamsters 70, answering charges made against him at the Aug. 15 Building Trades Council meeting, is printed on page 16.

department you were laid off because of lack of materials, Childers said.

He stressed that this should be done immediately.

HALL OF JUSTICE

Childers reported that the Marble Setter's Helpers were off work at the new Hall of Justice because of a contract dispute. There is no picketing, however, and other work is continuing. The strike, by Marble Setter's Helpers and Shopmen, covers northern California.

UNIFORM CONTRACT

Childers reported Aug. 15 on a meeting of Northern California Building Trades Council business representatives. The need for a uniform Building Trades labor contract to stop inroads by Dis-

MORE on page 16

Labor Day Edition

This week and next, we bring you the annual Labor Day editions of the East Bay Labor Journal.

Special Labor Day advertisements will be found on inside pages of both issues. Stories about activities of unions during the past year will be carried in next week's issue.

Union columns will be found on pages 9, 11 and 13 of this week's issue.

HOW TO BUY

September buys; improvement loans

By SIDNEY MARGOLIUS

Labor Consumer Advisor for Labor Journal

When you go shopping this September, you'll find a number of prices below a year ago, although not on food.

Children's back-to-school clothes and other family clothing needs are priced about the same as a year ago.

The chief reductions are in household equipment. Washing machines, housewares, hardware and paints are reduced, while furniture and rugs are just a shade lower.

One of the most useful developments for your family is the new home improvement loans just enacted by Congress. These provide for modernization and repair loans at a true annual interest rate of six per cent plus one-half of 1 per cent for FHA insurance, and for amounts up to \$10,000, with as long as 20 years to pay.

Until now, lowest rates generally available were on the FHA Title I home improvement loans. These go up to \$3,500. The fee is \$5 per \$100 up to \$2,500, and \$4 per \$100 from \$2,500 to \$3,500. But this fee is charged on the original amount, not on the declining balance as on the new loans.

Thus the \$5 per \$100 is equivalent to a true annual interest rate of about 10 per cent.

The new loans can help you avoid either a second mortgage or refinancing your present mortgage if you need a large sum for improvements. Second mortgages, or second trust deeds not only generally require interest of more than 6½ per cent, but often also a "discount" or bonus which makes the true interest rate as much as 10 per cent.

Depending on the amount you want, you probably also will have to give a second mortgage, or other lien against your property, for the new type of modernization loan. But it will be at the 6½ per cent rate and without the costly discount. You will have to pay some closing fees, as with any mortgage.

Only other way to beat the new loan rate when you need modernization money, is with an "open end" re-advance. Many mortgages have a clause per-

mitting you to re-borrow up to the original amount at the same rate. A re-advance should be your first request. But lenders sometimes are reluctant to advance new money at old low mortgage rates.

Minimum loan under the new program is \$2,500, or \$1,000 in neighborhoods designated as urban renewal areas. The loans can be arranged for five, ten, fifteen or twenty years.

We recommend making the term of the loan as short as practicable, not as long as the bank will allow. Even at 6 per cent, interest cost pile up. For example, on a \$6,000 loan on which you pay \$43.02 a month for 20 years, you would repay a total of \$10,325.

To get the new 6 per cent loan, you will have to show that the loan will be used to enhance the basic livability of a house. The total of the new loan plus your mortgage balance cannot exceed the actual value of your house.

You also may have to inquire about the new loans at more than one bank or savings association. Congress can pass a bill providing for low rate loans, but the banks can make the loans or not as they please. In a survey in mid-August, this reporter found a little more than half the banks questioned said they probably would participate.

FOOD CALENDAR: Turkeys are the buy this month. The supply is 25 per cent above a year ago. Also relatively reasonable for September are poultry, beef and lamb (in heavier supply than usual). This month switch to medium size eggs which seasonally are a better value than large.

September is also the month to stock up on canned foods. The stores run specials this month to clear out this year's pack before the new pack arrives.

This is the time to buy late summer vegetables and fruits for freezing or processing.

But watch out for "faced" packages, the U.S. Agriculture Department warns. Small fruits and sometimes small vegetables have the best specimens on top. This "face" layer may conceal ordinary or even inferior quality in the rest of the pack.

Barbara Bell Patterns

8224
10-20

A youthful sheath with several variations that goes together 1-2-3! With or without a collar, sleeves or a deep-V neckline.

Shelley supports Point Reyes bill

San Francisco Congressman John F. Shelley has hailed the fight for the establishment of a national seashore at Point Reyes.

The congressman threw his wholehearted support behind efforts to create a 53,000 acre national preserve of Marin County's unspoiled Point Reyes Peninsula, in a statement before the House Interior and Insular Affairs Committee.

"Rapid city growth finds millions of our citizens facing mile upon mile of concrete and brick and steel, with only the smallest bits of green grass to relieve what can be a dreary sameness," Shelley declared.

"Even in the especially lovely Bay Area, there is a danger of engulfment by the commercial and building activities that accompany the population increases that we have been experiencing."

The congressman noted that "no trespassing" signs now dot all but a small fraction of the Point Reyes area. With the enactment of the pending legislation, Shelley said, "those no trespassing" signs will be removed, and this area of incomparable natural beauty will be opened to the public."

Shelley warned that he is "seriously concerned for the people who rely on a recreation area within a short distance of home because they cannot afford a summer home, a beach house or a vacation resort."

Kaiser to build S.J. area unit

Ground breaking for a seven story Kaiser Hospital at Homestead road and Kiely boulevard in Santa Clara will be held early in 1962.

Although the property has been owned by Kaiser Memorial Foundation for several years, building plans were not announced until this month. Construction will take about two years.

The 158-bed hospital will cost an estimated \$5,295,000 and will be designed so it can be expanded to 300 beds.

O'Rourke joins labor health plan

Dr. Paul F. O'Rourke, who quit as Imperial County health director after "political opposition" from powerful farming groups made it impossible for him to provide adequate health services for migrant workers, has a new job.

Dr. O'Rourke has been appointed director of preventative medicine for the Community Health Association of Northern California, a labor supported prepaid health clinic in Santa Rosa.

The organization opened a \$400,000 outpatient clinic July 1 and will build a \$3.3 million hospital in the Spring.

To the Ladies: FROM the EDITOR

DRUG ADVERTISING should list the actual contents and all known side effects, says the Kefauver Antitrust Subcommittee.

Last week, we ran an item in this space about a drug, advertised in the American Medical Association Journal, which apparently caused 36 babies to be born with both male and female sex organs.

Now the heads of two federal agencies directly connected with the drug industry have called for passage of a drug advertising control law.

Paul Rand Dixon, chairman of the Federal Trade Commission, and George P. Larrick, chief of the U.S. Food and Drug Administration, both say such a law is necessary to protect the nation's health from misuse of hundreds of new drugs.

Larrick revealed that the FDA is now battling a big drug manufacturer over advertising of two products for children. Since the case has not yet gone to court, Larrick withheld details, however.

CITIES which lost money because of the price rigging shenanigans of 29 of the nation's biggest electrical equipment manufacturers can sue for damages under federal law.

But they have to pay their own legal costs — at least until they win and get a judge to award them damages plus costs.

This is the dilemma faced by San Francisco City Attorney Dion R. Holm. San Francisco bought \$6 million worth of electrical equipment from the price riggers for a power project in the Sierras. But it may have to spend hundreds of thousands of dollars to recover the amount it paid in higher rigged prices — unless it can pool its case with other victim-cities. That's what Holm is looking into now.

Why not pass this copy of the East Bay Labor Journal to a friend of yours when you are finished reading it!

BOOST THE LABEL!

BUY UNION LABEL PRODUCTS ONLY

When making purchases, always ask for the union label. If building a home or repairing one, see that the men doing the plumbing or steamfitting work, painting, etc., belong to the union. Ask to see their Card. Boost the union emblem and help yourself. Patronize and demand the following union cards:

Letter Carriers present honorary membership to Ash

Robert S. Ash, executive secretary of the Alameda County Central Labor Council, was made an honorary member of Branch 76, National Association of Letter Carriers, at a special Old Timers' Night Aug. 15.

It was a surprise to Ash, who became one of only four honorary members of Branch 76. The others are Former Postmasters Joe W. Chaudet, Charles Herrick and Congressman George P. Miller.

A resolution in commemoration was passed by Branch 76.

It said Ash, as executive head of the labor council, "has been a champion of the rights of all postal employees and has worked energetically and diligently in all of our salary legislation drives to enlist the full support of the Alameda County labor movement in our cause of higher pay and better working conditions."

"During his 18 years as executive secretary of the Alameda County Central Labor Council," the resolution added, "Ash has worked in building a strong, clean, militant and responsible labor movement in our county and has shown a true spirit of friendship to Branch 76 and its membership."

"The test of the past years has proven that Robert S. Ash is a true and devoted labor leader, dedicated to every segment of the organized labor movement in its fight for better pay and finer working conditions."

The resolution was adopted by Branch 76 members and was signed by: Daniel J. Sweeney, president; Elvin Giorgis, vice-president; H. B. Buckalew, secretary, and R. G. Christian, treasurer.

FEPC schedules 2 more hearings

The State Fair Employment Practices Commission has announced dates for two more public hearings, the third and fourth since its formation in 1959.

Both involve East Bay Negroes who say they were denied jobs because of their race.

A hearing in the case of Verna Lucile Glover of Berkeley over a cafeteria cashier's job at Brennan's Cave, Berkeley, is scheduled for Nov. 14 and 15. That of Edieu McNeil, San Pablo carpenter, against the Guy F. Atkinson Co., contractors, will be Nov. 27 and 28. Both hearings will be in San Francisco.

Demand the Union Label!

Minimum wage coverage for 3,600,000 more workers starts Sept. 3

Thousands of California workers in the retail trades will be protected under the federal minimum wage law for the first time when amendments to the Fair Labor Standards Act go into effect September 3.

Prior to the 1961 amendments, the act applied to about 24 million workers in approximately 900,000 establishments. The new legislation, which goes into effect on September 3, will bring an additional 3.6 million employees under the law and 2.2 million of these will be workers in retail trade.

Frank J. Muench, western director of the U.S. Labor Department's Wage-Hour and Public Contracts Divisions, said two different minimum wage rates become effective in September.

One, he said, is the \$1.15 an hour set as the minimum for currently covered workers. The other is the \$1.00 minimum for workers being brought under the act for the first time.

Look for the union shop card, ask for a union clerk to serve you, and demand the union label!

Houlihan nominees chopped by council

The Oakland City Council has rejected two nominees for city commissions by Mayor John C. Houlihan.

Edward O. (Pete) Lee, a Negro, was turned down for the Civil Service Commission. Warren A. Dempster, a Democrat and one of Houlihan's opponents in the April primary, was rejected by the council as a member of the Planning Commission.

Lee is a member of Teachers 771, but was not nominated by Houlihan as a representative of organized labor.

The vote was 4-4 on Lee, with Councilman Dan Marovich, Robert V. McKeen, Robert L. Osborne and Howard E. Rilea voting against the appointment. A tie vote is ruled as a defeat.

On Dempster, the vote was 5-3 against approval, with Councilman John H. Reading joining the anti-Houlihan group.

CHANGING ADDRESSES?

Be sure to include both your old and new address along with your union affiliation when notifying the East Bay Labor Journal of a change of address!

YOU CAN STILL SIGN UP FOR AFLCIO GOLF TOURNAMENT

Signups are still open for the AFLCIO Labor Day Weekend Golf Tournament, to be held Sept. 2 at the Hayward Golf Course. The tournament is open to Alameda County union members. Entry fee is \$4.

Further information may be obtained at the Central Labor Council, Higate 4-6510, or from committee members.

Average factory worker's pay tops 1943 record

Purchasing power of the average Bay Area factory worker's check was the highest on record in June, according to John F. Henning, state director of industrial relations.

After deductions for federal and state taxes and adjustments for price level changes, the average factory production worker's check topped that of September, 1943, the previous record. The gross average was \$114.17.

Henning said the average had increased by 3.3 per cent during the past year, but purchasing power of this check went up only 2 per cent for a worker with three dependents.

Bill Posters 44 in first strike since 1924; some other crafts are affected

Shops of Foster & Kleiser and Naegle Outdoor Advertising in Oakland were being picketed this week in a three-state strike by Bill Posters 44—the first such strike since 1924.

Loyal H. Gilmour of San Francisco, international union president, said the dispute involved the union's right to specify high locations as safety hazards where two men should be assigned.

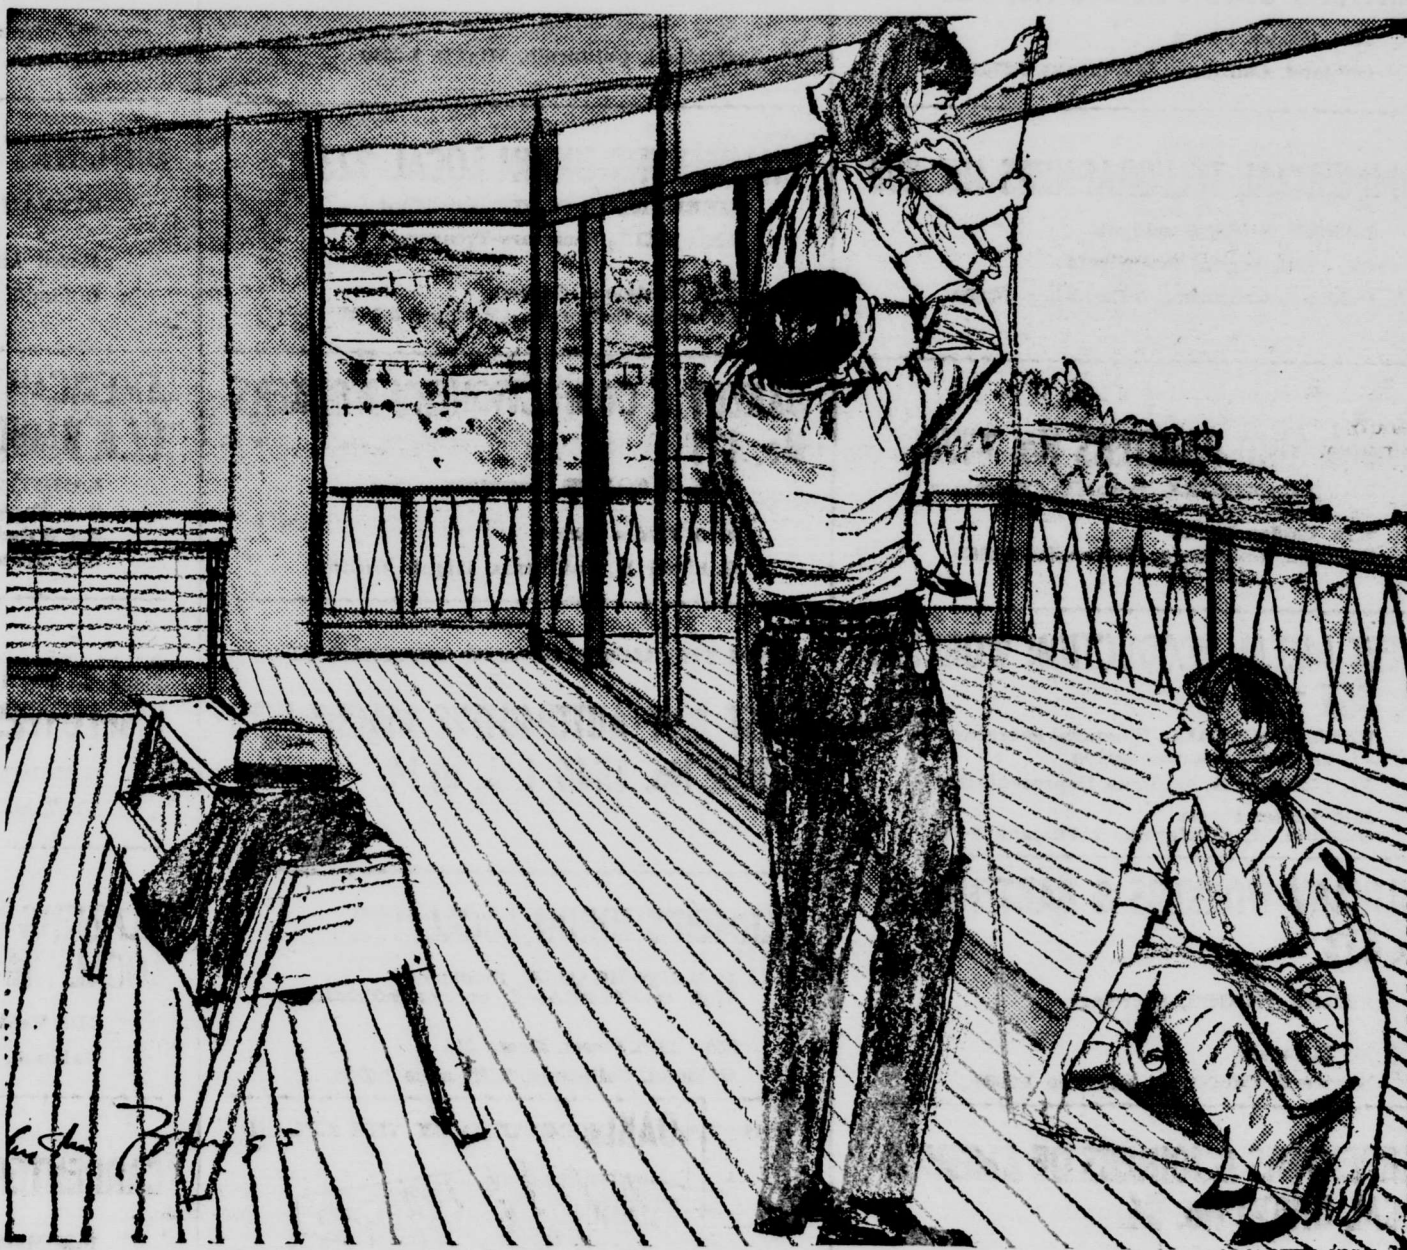

If a member protests assignment to a high job, the union is presently prohibited from representing him in this matter.

Gilmour said the issue is simply "a matter of representing our own people."

Between 15 and 20 Bill Posters are on strike at Alameda County. Other crafts thrown out of work by the picketing include Iron Workers, Carpenters and Sign Painters, according to Gilmour.

The strike covers California, Oregon and Washington and also affects a third firm, Pacific Outdoor Advertising.

Tell 'em you saw it in the East Bay Labor Journal!

Our bank helped us buy our home!

"We wanted a real home with a yard for Debbie, but it seemed more than we could manage until we talked to our bank manager at Wells Fargo American Trust. He helped us decide how much to spend and, when we found our house, he helped us arrange the financing. Now we have a real investment in better living."

"Our bank manager's good advice has often helped us do more with our money. That's why our savings, checking account, safe deposit box, even a special account for Debbie—are all there. We've learned how many ways it pays to have a family bank."

OFFICIAL UNION NOTICES

AUTOMOTIVE MACHINISTS 1546

IMPORTANT NOTICE

The regular meetings of Lodge No. 1546 will be held on the 1st and 3rd Tuesdays of each month at the hour of 8 p.m. at our new building, located at 10260 MacArthur Blvd., Oakland, Calif.

Fraternally yours,
A. J. HAYES,
Recording Secretary

CARPENTERS 1473

Meets first and third Friday of each month at the Eagles Hall, 1228 36th Ave., Oakland at 8 p.m.

Fraternally yours,
J. W. KIRKMAN,
Recording Secretary

UNITED STEELWORKERS 4468

Regular meetings held 2nd Saturday of each month at 10:00 a.m. at Eagles Hall, 1228 36th Avenue, Oakland.

Fraternally,
FRANK V. MCINTOSH,
Recording Secretary

HAYWARD CULINARY 823

All three meetings of this union will be held on the third Tuesday of the month, the first at 9:30 a.m., the second at 2:30 p.m., and the third at 8:00 p.m. at the union headquarters.

The next regular meeting will be held Sept. 19, 1961.

JOSEPH MEDEIROS,
President
LEROY V. WOODS,
Secretary-Treasurer

CARPENTERS 36

Unless otherwise specified, regular meetings will be held each Friday at 8 p.m. at Carpenters Hall, 761 12th St., Oakland, Calif.

You are requested to attend an open meeting for a special showing of the movie, "Harvest of Shame," and anyone wishing to attend is most cordially welcome to see this most interesting film on Aug. 25, 1961, at the Carpenters Hall, 761 12th St., Oakland, Calif.

Please bring your family and friends. Refreshments will be served to all.

The meeting of September 1, 1961, will be cancelled because of the Labor Day weekend.

There will be a special called meeting Friday at 8:00 p.m. September 15, 1961, to vote on the question of whether Local 36 shall make a donation to the United Defense Fund of California, to help fight District 50 and all other non-union activities.

Please be in attendance.

Fraternally yours,
OSCAR ANDERSON,
Recording Secretary

UNITED STEELWORKERS 1798

Regular union meeting Friday, Aug. 25, 8 p.m., Hall D, 2315 Valdez St., Oakland.

Fraternally,
ELLA BAINES,
Recording Secretary

HAYWARD CARPENTERS 1622

The committee in charge of Local 1622 activities at the Labor Day Picnic at the Pleasanton Fairgrounds announces that the area at the rear of the 4H Club Building is reserved for Local 1622's members. Among the events planned are three-legged and sack races for children 8 to 12 years of age and a tug of war, Local 36 vs. 1622.

The ladies, and also men, are requested to exhibit cakes and pies at the 4H Club Building. Three cash prizes will be awarded to the best in each class. After they are judged, all of the cakes and pies will be auctioned, the proceeds to go to the local's Christmas fund. So bring them in.

You are urged to attend this Labor Day Picnic. Let us show the strength of a united labor movement to the public.

Tickets are on sale at the financial secretary's office, \$1 for the entire family. Many fine gate prizes will be given. There will be a really good professional type of entertainment for all. Hope to see you there.

Fraternally,
L. D. (Larry) TWIST,
Recording Secretary

AUTO & SHIP PAINTERS 1176

The next meeting of Auto and Ship Painters 1176 will be on Tuesday, Sept. 5, 1961 in Hall D of the Labor Temple, 2315 Valdez St., at 8:00 p.m.

Fraternally,
LESLIE K. MOORE
Business Rep.

CO. SCHOOL EMPLOYEES 257

The next regular meeting will be held September 9, 1961, at 1918 Grove St., Oakland, Calif., at 2 p.m. The Executive Board will meet at 10:30 a.m.

Fraternally yours,
VICTOR BARTELS
Secretary

STEEL MACHINISTS 1304

Next regular meeting Thursday, September 7, at 8:00 p.m. Executive Board meets at 6:30 p.m.

NOTICE

You are requested not to shop at J. C. Penney stores or purchase Peter Paul candies. These companies have used union busting tactics in dealing with their employees and, therefore, must be placed in the same category with Sears Roebuck. A concentrated effort by organized labor to effect a just settlement in these cases may discourage other companies with similar ideas. Your cooperation is needed, and the job you save may be your own.

Don't forget the big Labor Day Picnic Monday, September 4, at the Alameda County Fairgrounds in Pleasanton.

Free refreshments, prizes and entertainment.

See you there.

Fraternally,
JOHN L. GIFFIN
Recording Secretary

FIRE FIGHTERS 55

This notice is to announce the new meeting location, which is 2250 E. 15th Street, Oakland (old 6 Engine). The meeting dates this year have been altered and now are the second Wednesday of each month at 7:30 p.m. Please make every effort to attend and participate in the business of your organization.

Delegates to the Federated Firefighters of California special convention in Fresno August 12 and 13 from Local 55 were Secretary Al Gray, Frank McNamara, Gene Nunes, Mike Anthony and myself. Along with setting a sound program for the coming year, including a group medical and life insurance plan for the membership, we were especially delighted to learn of Firefighter Fred Smith's appointment to State COPE. Fred's service to the Firefighters of the state has been phenomenal, both as a legislative advocate and through his counsel and guidance as president of the state association.

We feel sure California labor will benefit from Fred Smith's assignment and commend Secretary Thomas L. Pitts for his selection.

Fraternally yours,
VINCE RIDDLE,
President

HAYWARD PAINTERS 1178

Friday night, September 1, a regular and a special meeting are coming up. The action for the special meeting will be to vote on a \$1 assessment per member for the month of October, 1961, to get the blood bank into operation. All donors will be paid for each donation. Also 20 tickets from a Forty & Eight Club will be awarded. The winners can attend a party to be held in Concord Saturday night, September 2. Receipts to be used for aid to handicapped children.

Fraternally yours,
ROBERT G. MILLER,
Recording Secretary

PAINTERS LOCAL 127

ATTENTION MEMBERS:

Be sure and have all your medical bills from July 1, 1960, to June 30, 1961, into the Painters Welfare Office before Sept. 30, 1961, or they will not be paid. Let's get them in so you won't lose out.

Fraternally yours,
ED GULBRANSEN,
Recording Secretary

BERKELEY PAINTERS 40

The meeting of Aug. 25, 1961, will be a special call for the election of a recording secretary.

Fraternally yours,
GENE SLATER,
Recording Secretary

ALAMEDA CARPENTERS 194

Alameda Local 194 meets on the first and third Mondays of each month at 8 p.m. in the Veterans Memorial Building at Walnut and Central in Alameda.

Fraternally,
JOHN GRIGSBY,
Recording Secretary

Commercial Telegraphers 208 to protest early W.U. closing

Further curtailment of Western Union service in Berkeley will be protested by Commercial Telegraphers 208, according to Larry Ross, union president.

Western Union has asked the Federal Communications Commission to reduce its office hours in Berkeley. The office now closes at midnight each night. Western Union wants to close at 8 p.m. Monday through Friday and 6 p.m. Saturday and Sunday.

"The service to Berkeley," Ross said, "should be improved. Western Union is moving in the wrong direction."

"A record enrollment of students is expected at the University of California. This alone precludes curtailment, even if we ignore the critical world conditions and the need for a strong local communications setup."

Western Union, Ross pointed

out, has an obligation under the Merger Act of 1943 to give the nation the same or better service as when Postal Telegraph was in existence.

At that time, Western Union had one telegraph office in Berkeley, and Postal Telegraph had one. Both companies provided service until midnight.

In this area alone, according to Ross, Western Union has closed offices in Alameda, Emeryville and Fruitvale during the last few years.

"The City of Berkeley is larger than the other cities mentioned above," Ross stressed. "In addition it is the home of one of the largest universities in the world and has a large industrial community as well. The City of Berkeley deserves better consideration from the Western Union Telegraph Co."

Penney's makes an offer

Penney's has (finally) come up with contract proposals for its San Francisco strikers. They would lower—not improve—conditions.

Commissions would be cut. The existing union shop would be wiped out. Penney's employees would be denied a third week of vacation after five years' service, now enjoyed by all unionized San Francisco retail employees. The number of extra employees would be increased, working

hours without the benefits of becoming regular employees.

Finally, there would be no improvement in low night pay differentials.

The proposals show, according to Retail Clerks 410 and 1100, that Penney's "wants to dismantle our union bit by bit."

"Please don't shop at Penney's," the two unions are asking organized labor throughout the United States.

**Boycotts - Ash reports on some
of labor's and a few of his own**

Labor's nationwide boycotts against Sears, Roebuck stores and Peter Paul candy bars are still in effect, according to Robert S. Ash, executive secretary of the Central Labor Council.

In addition, two San Francisco Retail Clerks' locals on strike against J. C. Penney, Inc., have extended their "don't shop at Penney's" appeal to union members throughout the nation.

Ash added:

"There are also a number of people in the labor movement, including myself, who've never been in Montgomery-Ward since the strike in the '30's."

"And it'll be a long time before I go into Sears again, even if this dispute is settled."

Ash vowed he wouldn't buy another Peter Paul candy bar for a long time, either, and added another candy manufacturer to his "list" - the Welch Candy Co., owned by members of the family of the founder of the John Birch Society.

Millmen 550

By CLYDE JOHNSON

TEAMSTERS: As this is written (Sunday) Local 70 is still on strike in the lumber industry in Alameda County. So far nine mills and shops affecting us are being picketed. The remainder that employ Local 70 members have observers instead of pickets; so our members are working.

The Building Trades Council has sanctioned the strike, which means that we can respect their picket lines without violating our contract. At the same time Local 70 has agreed to daily meetings with a committee from the council to discuss new developments in the situation.

This has been a difficult and confusing situation. Matt Silva and I have visited the affected mills and shops almost daily to avoid confusion and unscheduled shutdowns.

Benson's was picketed Friday after our members were already at work. I advised our members not to go to Benson's San Jose plant to work if it was reopened because of the strike here. Millmen 262 has the contract there. It would be indirect scabbing to follow runaway struck work. During the touch-and-go situation at Benson's all week, Al Cooling was tremendously helpful in keeping things on an even keel and keeping our members away from any loading or unloading operations. The management finally provoked the Teamsters into picketing by using scab drivers.

At this point about 100 of our members have been affected, and about one-third of them are entitled to unemployment compensation because they were laid off before picketing started.

WOOD PRODUCTS CO. in Richmond failed to appear before the Contra Costa Building Trades Council after being cited for refusal to sign a bargaining agreement with Local 550. The Executive Board of the council voted to take further steps in this situation.

PENSION: If you have not filled out and returned the questionnaire sent out a long time ago by the Mill-Cabinet Pension Plan, do so right now. You may lose pension credits by failure to do so.

SATURDAY WORK: Any member of 550 must have permission from the business agent to work for his employer on Saturday, Sunday or holidays. Members were reminded of this District Council trade rule in a card sent to members a few weeks ago. Double time must be paid for any work permitted on these days, according to our agreement. We intend to bring charges in the Local and the District Council against any member who works without permission or for less than the contract wage.

SCHOOL WORK: About one-third of our members work in shops that depend to some extent upon school fixture work. Our ad on this subject in this

paper two weeks ago brought favorable comment from other unions and employers.

We are going to try in several places to get regulations like those in Oakland adopted for school work. That is: all manufactured goods supplied by a subcontractor must be manufactured under conditions comparable to those existing in California. In other words, if a Mississippi bid on school fixtures is to be recognized here, the Mississippi firm must pay California wages to the employees. Right now, they pay about half of our scale.

If wage area differentials can be eliminated in other industries they can be eliminated in ours. This is one way to protect our own standards and help raise the standards of backward areas.

Carpenters Credit Union

By PAUL HUGGINS, Treasurer

The Brotherhood of Man is practiced every day in this credit union.

All credit unions are based on a philosophy of cooperation to help one another.

It's not charity. We are not going out to help some poor people who need it. We are joining together for the mutual benefit of all of us.

We join the credit union because we know it will help all the other members and because we know it will help us.

If a thousand members are saving \$5 out of each paycheck, we have \$5,000 per week to loan to members.

The borrower is saved 2 out of 3 dollars he would pay for cost of credit elsewhere. He also is saved all embarrassment, since he is one of the owners of the credit union. He knows he has a right to ask for a loan.

Joining and buying shares gives the member additional life insurance, increasing the security of his family.

He also has increased peace of mind by knowing he has a ready source of credit in case of unforeseen emergency.

Your credit union can do more for you than any other financial institution in the world.

Chips and Chatter

By AL THOMAS

The list is up to 150 this Monday a.m. It will go a lot higher if the Teamsters keep crosswise in the gravel and lumber beefs. If you are laid off, apply for U.E. and be prepared to sweat it out. This may get settled, but I make a guess it won't be in the Alameda County area. The rest of the areas hereabouts have offers the Teamsters are voting on, but not yet here. The last I heard, they were quite away apart on our local area contracts.

The next meeting will be open night, and we will have a movie and coffee, etc.

Permits are still coming in well.

Steamfitters Local 342

By JIM MARTIN

The 8th Annual Apprenticeship and Instructors Training Course was held at Purdue University in Lafayette, Indiana, on August 14-18, 1961.

This annual Apprenticeship and Instructors Training Course is sponsored by the United Association and prizes in the amounts of \$1,000, \$750 and \$500 are awarded to the first, second and third place winners, respectively.

There were 110 pipefitters, plumber and sprinkler fitter apprentice contestants, with the following announced as winners in their respective classifications at the banquet held upon the completion of the contest:

Pipefitter winners: 1st place, Thomas Bohlmann, Local Union No. 601, Milwaukee, Wisconsin; 2nd place, Maurice D. McClure, Local Union No. 597, Chicago, Illinois; 3rd place, John Kain, Local Union No. 429, Gloucester, New Jersey.

Plumber winners: 1st place, Joe Prainito, Local Union No. 1, New York, N.Y.; 2nd place, Walter G. Frank, Local Union No. 35, St. Louis, Missouri; 3rd place, Jack Stiles, Local Union No. 102, Knoxville, Tennessee.

Sprinkler fitters: 1st place, Richard A. Mueller, Local Union No. 120, Cleveland, Ohio; 2nd place, S. P. Herrick, Local Union No. 274, Jersey City, New Jersey; 3rd place, Wayne Weyers, Local Union No. 669, Seattle, Washington.

General President Schoemann and Harold C. Hunt, professor of education, Harvard University, were the principal speakers at the awards dinner.

Also, there were 383 instructors attending this five-day training course with those completing five years receiving certificates. Other awards were also made to the winners from the

Cast Iron Industry, Copper and Brass, etc.

At the conclusion of the banquet, General President Schoemann announced to the some 800 people in attendance that next year's contest would be held during the week of August 13, 1962.

Our next membership meeting to be held September 7, 1961, will be a special called meeting for the purpose of hearing the reports of this union's delegates who were in attendance at the 27th United Association Convention held recently in Kansas City, Missouri.

Sheet Metal Snips

By AL ARELLANO

In the past week we have received considerable literature requesting individual unions to ask their members to make the coming Labor Day a holiday free from accidents.

You will read a lot about safe driving, safe swimming, safe boating, etc., so I will not go into these subjects, but as one of the many union people who appreciate our mountains with their tall trees and the lakes and valleys, I would add one more 'safe' to the above list, and that is the practice of safety in your campfires and being careful as to throwing away your cigarettes, matches and pipe leavings.

As good union people, let's protect these places where we can relax and renew our perspective on life.

There is one more thing to remember, and that is the reason why this day is a holiday, and the men in years back who fought for the conditions you have today. There are some who have even given their lives in some of the bloody strikes of the past. Resolve today to become a better union man and attend your next union meeting.

Demand the Union Label!

Printing Specialties JDC5

By FREDRICK T. SULLIVAN

Our union, in conjunction with the San Francisco and Los Angeles district councils, is negotiating to purchase 475 acres of land near Yosemite that would be used for a vacation and recreation area for the members.

The finances for this venture will come from the Western Conference Education Fund.

It would be our goal to build the area up for camp and trailer sites, build a swimming area and a central meeting building.

This will take a period of time, but will pay off in the end. We find that, as we bring the vacation periods to two, three, and four weeks for our members, it is costing more and more for them to take a decent vacation.

If you will recall, we were negotiating with a property owner for a building that would be used as the headquarters for the District Council and the meeting place for Local 382 and our other special meetings. The negotiations fell through on that particular building, but the building committee is still active.

We now have five local unions in the District Council. Local 706 of Sacramento recently elected to join the council.

We recently went through a hard negotiation session with the Weyerhaeuser Company. We feel we have accomplished a great deal, in that we now have a master contract for the four plants on the West Coast. The trends in bargaining prove that this is the best method and gives us strength.

The Labor Day Picnic will soon be here. The District Council will provide the beer for our group. You provide the beer guz-

zlers, and we will all have a good time.

Get your ticket from the business representatives and shop stewards. The dollar donation goes to COPE, and you can't hardly find a better organization than that.

Watchmakers Local 101

By GEORGE F. ALLEN

I am sure that if each one of you would take the opportunity of reading your labor journal thoroughly you would find any number of instances of strikes and boycotts that are going on at the present time in some parts of the 5 counties that our union covers.

Some of you may think that these strikes and boycotts are not directly affecting you and maybe you do not take the interest in them that you should take.

I can assure you that the outcome of each and every strike and boycott has either some direct or indirect affect on our industry.

You are all quite well aware of how proud we are in maintaining the ethics and standards of the watch repair business. Let me assure you that if some of the large employers that are involved in some of the activities I have mentioned above would have their way I can assure you that our ethics and standards would soon go by the board.

In closing, I would only request that you pay attention to the recommendations and the requests of the various unions when they are involved in any difficulties.

Tell 'em you saw it in the East Bay Labor Journal!

Teamster strike throws more building tradesmen out of work

Continued from Page 1

trict 50, United Mine Workers, on AFLCIO jurisdictions was discussed again.

Southern California BTC councils have gone a long way in this direction, Childers reported, with the exception of San Diego County—which has not adopted the uniform BTC contract.

A rough draft of a uniform BTC contract for Northern California contained 90 per cent of the language presently included in the Alameda County Building Trades Contract, Childers told delegates.

DISTRICT 50

William Marshall of Carpenters 194 said a disabled member of that local had driven all the way from Modesto to warn his brother unionists against underestimating the threat posed by District 50.

Local 194 voted to contribute to the State BTC Defense Fund against District 50, Marshall reported.

SIGNED BTC AGREEMENTS

Acting Secretary Joseph M. Souza reported that Alameda County Building Trades contracts had been signed since the last meeting by the following: Chitwood Bros., plastering contractors; International Lanes, bowling alley; San Leandro Pipe Line, and Ravenswood Tile Co.

NEW DELEGATES

New delegates seated included: Al Lankford, Painters 1178; Lawrence Gregg, Roofers 81; William Taylor, Elevator Constructors 8; Elias L. Arrellano, Robert M. Cooper and Donald R. Kennedy, Sheet Metal Workers 216; Frank S. Sequeria, Carpenters 1622, and Louis Blake, Clerks and Lumber Handlers 939.

THOMAN APPOINTED

The council approved an Executive Board recommendation

that Al Thoman of Carpenters 36, BTC vice-president, represent the BTC on the Alameda County Council of Social Planning.

TRUSTEE RECOMMENDATION

A recommendation that the council file a request to buy advertising space in the Alameda Times-Star Progress Edition was concurred in.

WAGE CHANGES

The District Council of Iron Workers notified the council that its wage scales, effective Aug. 16, were: \$4.25 for reinforcing; \$4.50 for structural and ornamental, and \$4.20 for fence iron workers, plus 10 cents an hour for vacations in each classification.

Asbestos Workers 16 reported that a new contract provides for a total of 65 cents in gains in wages and benefits between Aug. 1, 1961, and July 31, 1963.

New delegates

New delegates seated at the Aug. 14 meeting of the Central Labor Council include: DeGurtio Jackson, Marshall Norful and Rustin M. Oliver, all of Butchers 526, and John Ozenberger of Barbers 134.

Why not pass this copy of the East Bay Labor Journal to a friend of yours when you are finished reading it!

Malvina Reynolds of Musicians 6 author of song book for children

"Tweedles and Foodles for Young Noodles," an attractively designed book of children's songs by Malvina Reynolds of Musicians 6, has just been published.

Mrs. Reynolds, a folk singer who is heard on the "Broadside" program on radio station KPFA-FM every other Friday, wrote the words and music to all of the songs in the book. She has written many other folk songs, one of which was sung by Harry Belafonte on the Bell Telephone Hour.

Artistic illustrations in the book are by Jody Robbin.

The book is available at Elder's and several music stores in Berkeley and will be distributed nationally. Mrs. Reynolds, whose husband, William, is a member of Carpenters 36, hopes to put out a second children's song book soon.

'Unionists should take Crusade jobs'

When the United Crusade drive starts in your plant, take the initiative and volunteer to help, union members were urged this week.

Arthur R. Hellender, assistant secretary of the Central Labor Council, said: "In many cases, complaints arise over 'coercion' because union people refuse to take part in the in-plant drives."

Scenic lakes you can enjoy... beautiful by-product of PG&E service

PG&E's lakes—more than 100 of them, all along the Sierra—are there for you to enjoy. They're formed when we build dams to harness and conserve water for power generation. These lakes, the streams they help keep flowing year-round, and our access roads to them, are open to tourists, vacationers, fishermen and all lovers of the great outdoors. We work with fish, game, forestry and highway officials to make these areas even more enjoyable. Moreover, the conserved water and its regulated release help farmers irrigate their lands in the foothills and valleys below. Our lakes are delightful and beneficial by-products of electricity, and there are new ones almost every year as Pacific Gas & Electric Company builds ahead for a state-on-the-grow.

Houlihan makes good on a key campaign pledge

The Oakland City Council is to be congratulated for moving to stop the migration of industries—and jobs—to the suburbs and elsewhere.

Acting at the request of Mayor John C. Houlihan, the City Council approved establishment of an Industrial Development Commission. It put \$100,000 in the 1961-62 municipal budget to attract new industries to Oakland.

As Robert S. Ash, executive secretary of the Central Labor Council, wrote Mayor Houlihan:

"Maybe bringing new industry into Oakland isn't the only answer but it is, at least in our opinion, the best long range program for the rebuilding of Oakland's economy."

In addition to new payrolls, new industry will bring new tax revenues. These, if used intelligently, can be put to work to halt slums, traffic congestion, and other forms of urban deterioration. A better city will result which, incidentally, will attract even more industries and workers.

We do not agree with some that loss of population—by itself—is something to worry about. But we know that the decay of urban centers, and the growth of outlying districts, is a problem all over the United States. Some cities are doing something about it. During his campaign, Mayor (then councilman) Houlihan promised to do something about it in Oakland.

We in the labor movement haven't always agreed with the Oakland City Council, and points of disagreement still exist. But we feel that, in this important area, they've done the right thing and should be complimented.

We also feel that there are other things which scare industries away. One of these is jacked-up property prices and absence of realistic tax policies.

On the other hand, we do not think a skilled, stable, well-paid labor force scares away the kind of industries we want here.

Finally, we feel that this isn't just a problem for Oakland. It isn't always a fight between Oakland and smaller cities in Alameda and Contra Costa counties. Many industries leave the entire area. A healthy central city contributes to the economic well being of all the East Bay.

We're just old fashioned

We have been criticized for saying the Martinez Typographical Union ought to honor the Web Pressmen's picket line at the Contra Costa Gazette.

Maybe we're just like those old fashioned gals who were brought up in a certain way and can't be led astray. In this case, we were raised not to cross picket lines. Any picket lines.

This is the foundation of unionism, and we don't go for those internationals who are weakening the labor movement by encouraging locals to violate the fundamental principle of organized labor.

The same goes for those members of Teamster Warehousemen 860 who have been crossing the AFLCIO Retail Clerks' picket line at Penney's in downtown San Francisco.

The San Francisco Labor Council is right in saying that this is "a gross violation of the union principles which are the base of labor's strength."

The action taken by the Contra Costa Labor Council in the Martinez situation is less strong. But the C.C. Labor Council has indicated its disapproval of the Typographical Union's actions.

Those who are always talking about the weakness of the labor movement today should realize that crossing picket lines is one reason why we're not stronger.

It pays to join

Unions which represent public employees have a tough row to hoe. The laws are stacked against public employees when it comes to collective bargaining.

But East Bay Municipal Employees 390 proved that effective organization—in this 100 per cent union membership—pays off.

The case in point involves the City of Piedmont—which used to be known as the place where there were more Cadillacs per block than anywhere in California.

Piedmont seemed reluctant to pay its Street, Parks and Recreation Department employees a fair wage—at least, until Local 390 made it 100 per cent union in the three departments.

Last week, the City Council approved tentative 10 per cent raises.

SOCIAL SECURITY HIKE DUE FOR 1,465,000

By WILLIAM B. HAYWARD
Manager, Oakland District Office
U.S. Social Security Administration

About one and a half million older people will automatically receive increases in their social security checks which will be delivered in September.

The increases will total about \$140,000,000 during the next 12 months.

About 1,465,000 older people—the widows, dependent widowers, and dependent parents of workers who have died—are due to receive increased payments under the new amendments to the Social Security Law.

The benefits payable to widows age 62 or over will be raised about 10 per cent. Widows eligible for the increased payments do not need to get in touch with their social security offices. The increase will be added automatically to the checks they will receive early in September.

Congress called this increase "one of the most needed changes in the social security program." Aged widows not only get lower benefits than do retired workers, but they also have less income from other sources than retired workers have.

The average benefit being paid to an aged widow early this year was \$57.80 a month. The yearly income for half the women receiving widows' benefits, not counting their social security benefits, was less than \$270 a year.

OTHERS AFFECTED

Aged dependent widowers and some aged parents of deceased workers are also due automatic 10 per cent increases with the social security checks payable to them in early September.

However, an increase in a parent's benefit check will be made in those cases where only one parent is receiving benefits based on the deceased son's or daughter's work under social security. Where more than one dependent parent receives a parent's benefits, there will be no increase.

These raises will be automatic. Do not contact your social security office. Wait until you receive your social security check in September. And then if you think you are entitled to a raise and did not get one, phone your local social security office for an explanation.

WHERE TO GO

If you live in Berkeley or Contra Costa County, there is an office at 1990 Addison St., Berkeley. Phone THornwall 1-5121. If you live in Oakland or any other part of Alameda County, go to 1509 Clay St., Oakland, or phone TEmplebar 4-4121. A telephone call may save you a trip.

This is one of a series of articles on changes in the Social Security Law.

A number of widows age 62 or older are now getting retirement benefits based on their own work under social security. Because of the change in the law increasing widows' benefits, it is possible that some of these widows not getting monthly retirement benefits of less than \$100 based on their own work will be able to qualify for higher amounts by applying for the widows' benefits payable on their husbands' accounts.

A widow now collecting her own retirement benefit can find out whether this change in the law applies to her by asking at her nearest social security office.

In my next article, I will cover another change in the Social Security Law.

Second chance

There will be more Alabamas. So immense a social change as the Negroes have been struggling for for a century — and never more intensely or on a wider front than today—cannot be expected to be achieved entirely without disturbance. Kennedy will thus have ample opportunity to rescue his shattered reputation for liberalism; and it may be hoped that in dealing with the underprivileged on his own doorstep he will learn how also to deal with them when they live 100 miles offshore.—*London Tribune.*

No bigots on faculty

"I wouldn't want a racial bigot, a Fascist or a member of the Communist party on the faculty. But on the other hand, there should be no prohibition against inviting any of these people to speak on campus."—*Buell G. Gallagher, new chancellor of California state colleges.*

Price of scab

A story told on the picket line concerned a cannibal who complained to a waiter about the high price of "scab."

The waiter answered: "Did you ever try to clean one of those things?" — *KXTV Strike Bulletin.*

Brass Birchers

Military brass hats have no business propagandizing the American people. — *Labor.*

SAWYER ANSWERS CHARGES AT BTC

Editor, Labor Journal:

In the last issue of your paper, an article was published attacking me personally and the Teamsters Union in general, as being irresponsible. Unquestionably, the remarks were made in the heat of jealous anger and in one case by a person whose tenure in organized labor has been colored by too close of an association with anti-labor groups and management. Further, the Building Trades Council and other non-mossback labor leaders denounced such tactics in talks as pro-management inspired and a detriment to organized labor.

I don't care to drag organized labor's name through mud and therefore shall not belabor the subject. Contrary to some old time labor leaders, I work for the rank and file and not for management.

Local 70 has published for over a year in its official paper, "The Rank and Filer," the fact that certain cigarettes and tobaccos are non-union. As a reply to some of my "friends in labor," would you kindly publish the following in your paper.

Fraternally yours,

JOE SAWYER,
Business Agent,
Teamsters 70

MEMBER OF DAHL'S UNION FIRES BACK

Editor, Labor Journal:

I read with dismay Jim Dahl's letter to the editor in the August 4 issue. His remarks regarding right-to-work laws and the editorial department of this newspaper indicated a complete lack of respect for the labor movement.

A union member with an ounce of common sense knows that right-to-work laws are not compatible with nourishing militant unions, capable of effectively promoting the welfare of their constituents.

The promoters of right-to-work laws never support humane legislation such as: minimum wages, medical care for the aged, social security improvements, aid to education, slum clearance and civil rights. Their objective is to strip the wage earner of the means to accomplish these ends through effective organization.

The editorial department of this newspaper deserves praise for its thought-provoking articles. They have a thorough knowledge of Communism and its implications. By supporting human legislation, they are doing more to thwart the efforts of the commies than all of the other newspapers in the area combined.
